THE Willys-Overland Pacific Building in San Francisco is typical of the Branch buildings of the Company located in ten coast cities.

These ten branches are the source of supply of nearly three hundred dealers selling Willys-Knight and Overland Automobiles in California and the North West.

Unequaled service facilities, proper tools, workshops and personnel are backed by a Company policy that extends the same courtesies, the same prices, and the same fair treatment to all with whom they have business dealings.

In your selection of an automobile you will naturally turn to this permanent business house.

The new models of all Overland and Willys-Knight cars are on display in our retail salesroom for your inspection, and comparison.

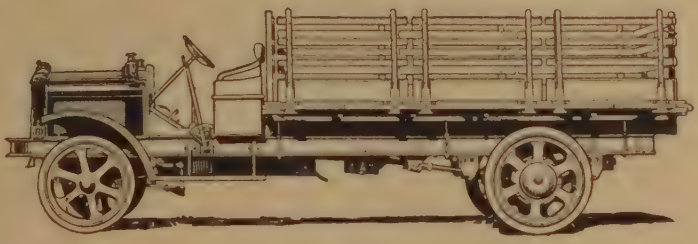
A GOOD TRUCK
Is a Good Investment



ANYONE who needs a motor truck should not look upon it as an expense but as an investment —because a good truck will earn money.

You would not buy bonds or real estate because of low cost regardless of future value and earnings. The same reasoning applies to truck buying.

The purchaser of a White Truck backs his investment in it with the strength of The White Company; with its years of successful experience, with its thousands of trained employes, with its tens of thousands of trucks in active service, with its millions of capital, and a service organization, nation-wide, which has no parallel in the industry.

There is a size and type of White Truck for every hauling need

No Other Truck Has It

Look under the hood of any other truck on the market and you won't find it. Yet it is the biggest improvement which has been put on motor trucks within recent years.

The Clydesdale Automatic Controller, commonly called "The Driver Under the Hood."

The finest assembly of parts ever put together can be utterly ruined within a few weeks' time by careless, ignorant drivers.

The Clydesdale has, we believe, the highest grade, best made parts of any truck on the market.

But the important point is that every moving part—motor, transmission, axle, etc., are thoroughly protected against straining, breaking, and unnecessary wear by this remarkable little device.

It automatically controls the motor at all speeds. The driver has nothing to do with the motor. He can't abuse it. He can't let it race. He can't shoot in the gas suddenly by jamming down the accelerator pedal, and strain and shock every moving part.

The controller opens and closes the throttle automatically, depending upon the changing conditions of road and load—keeping the truck moving at the fixed speed determined by the position of the throttle lever, just as the most expert driver would do it if he had nothing to do but watch the mo. . You can see for yourself what a big saving this means.

Today's Trend Is Toward The Corporate Trustee

AS men and women become more thoroughly informed on matters pertaining to property, the more strongly do they realize the need of an impartial, disinterested executor or trustee, experienced in financial matters.

THIS bank has for some time realized this growing demand of its customers, new and old, for trust advice and service. Consequently we have established a completely equipped TRUST DEPARTMENT.

Through the TRUST DEPARTMENT this Bank is able to serve as executor, trustee, administrator, guardian, and in all other trust capacities.

Our officers cordially welcome calls and correspondence on this subject.

What to do—

When you sit with your lawyer and draw up your will

"LASTLY: *I hereby nominate and appoint* John Doe *the executor of this my last will and testament.*"

More than sentimental consideration must be given to the person whose name you insert in this last clause of your will. Test your selection with these questions: Is he competent, does he possess the necessary professional and technical training? Is he subject to family jealousies? Is he partial? Might he become sick or die or move away before settlement is complete?

These questions will be answered to your satisfaction and security if you write in the name of the ANGLO-CALIFORNIA TRUST COMPANY. It has the complex knowledge, experience, equipment for probating wills, ferretting out assets, examining claims, auditing, invoicing and rendering accounts to the Court. It is impartial, not subject to family jealousies. It is never sick. It never dies. It never moves away. In short, the ANGLO-CALIFORNIA TRUST COMPANY is the ideal executor whether the estate be large or small. It will be well worth your while to consult our officers about your will.

THE GRILL

HOTEL ST. FRANCIS

FACING UNION SQUARE

Elaborated with the seven famous mural paintings by Albert Herter, depicting in colorful pageant the Gifts of the Old World to the New. The massive columns are of Tennessee carved marble, the ceiling of the Italian school.

Club breakfasts, al a carte luncheons and table d'hote and a la carte dinners are features of the Grill. There is no music.

The proximity of the ST. FRANCIS to the busy part of town makes it one of the most convenient places to dine in San Francisco.

The association is formed for the purpose of keeping alive the memories of the early days. The only requisite for membership is that the applicant shall have attended that school, whether as a graduate or not, at least thirty-nine years before applying for membership. The period regulating membership is advanced one year at each annual banquet, which is held on Lincoln's Birthday, Feb. 12. The association has undertaken the work of erecting a memorial of Lincoln in the Civic Center, which will also perpetuate the fact that the first statue to Lincoln ever erected was that which stood before the Old Lincoln Grammar School and was unveiled in 1886. THE UNITED ANCIENT ORDER OF DRUIDS.

The Order is perhaps the oldest. History speaks of it as an Order of Priests and learned men among the ancient Celts —the race of people who left the parent hive in Asia at a very early period and settled in western Europe. For many centuries preceding the Christian era and at the time of the invasion of the Romans, the Druids was the most prominent and powerful order; they presided over the religious celebrations, and were the judges, legislators, philosophers, physicians and instructors of their people. The order first assumed its present character in England in the year 1771, and was introduced into America in the year 1830. It is a moral, social and beneficial society. Its principles and teachings are derived from ancient Druidism and are founded on reason and sound morality; they do not conflict with any religious system and are perfectly compatible with the laws of any civilized country. In becoming Druids, members are still free men. It is a secret society simply for the protection against abuse of its beneficial provisions.

The order is firmly established in all countries inhabited by the Caucasian race, and is the only order that has an International Grand Lodge which meets in quinquennial session.

Its objects are: To unite men (irrespective of nation, tongue or creed) for mutual protection, to cultivate social virtues, to encourage in business, to assist in obtaining employment, to foster among its members the spirit of fraternity and good fellowship, and by a well-regulated system of dues, provide for the relief of sick and destitute members, the burial of the dead, and the protection of widows and orphans.

STREET AND AVENUE GUIDE

OF THE

CITY AND COUNTY OF SAN FRANCISCO

COMPILED FROM OFFICIAL SOURCES

EXPLANATIONS

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets between the water front and Central Avenue the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. Beyond Central Avenue most of the streets have been numbered in a contrary manner. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left-hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (——) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (e), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (s), end of street.

ABBREVIATIONS.—N, north; E, east; S, south; W, west; Av, avenue; bet, between; nr, near; s, side.
